HELPING TO ESTABLISH REPRODUCING CHURCHES AMONG THE UNREACHED PEOPLE GROUPS OF CAMEROON, WEST AFRICA, AS FIELD ADMINISTRATOR

ISSUE 2 SPRING 2009

WHAT IS SHAWN UP TO?

I am sorry it has been a long time since you received a newsletter from me. I found myself working too many hours administrating the family business, a small resort on Cape Cod. I did live on site making it very hard to escape. Things are changing and I am now focused on my preparations to move to Cameroon. I bought a small RV so now I

have a place of my own to live, study and travel to churches and conferences. This makes it very easy because I no longer need any living accommodations when visiting prospective and active prayer supporters.

THE WORK I WILL BE DOING

The organization I am going to Cameroon with is called World Team. As the organization's name states, they are a team. The Cameroon Team is made up of mainly Bible Translators and Church Planters. I fit into the team as Field Administrator. I will have various responsibilities. Some will be working with the Cameroon Government

and the U.S. Consulate, as they both require quite a bit of paperwork. I also will be helping to keep my colleagues that are working with tribes in remote areas, supplied with the things they need for effective ministry and daily living. This will take about half my time. The other half will be working at the Rain Forest International School. This secondary

school is primarily for children of missionaries from all over Africa. It is both a day and boarding school. I have been asked to help with their computer system and oversee the running of the physical plant. Both my responsibilities with World Team and Rain Forest International School allow those that are trained in Bible translation, church

planting, healthcare evangelism, and in other ministries to be able to do their tasks more efficiently and effectively. They will not have the additional burden of governmental paperwork and they will know that their children attend a safe, superior school.

SHAWN KELLEY'S NEWSLETTER

My prayer is that I will be on the field in December 2009. There is much work to be done in this short time. I have some good news; I am now at the 62% mark in funds needed to go Cameroon for two years! Yes, I was originally going to Cameroon for a four-year term. Because of the weak economy here and the weak U.S.

Dollar, I now have to raise an additional \$10,000 a year. By going for two years, it only necessitates an additional \$1,240 per month. I need to develop a group of people who will partner with me in prayer and also financially support me. World Team likes approximately 200 prayer partners before

they are willing to send me to the field. I am asking you to consider becoming a partner with me, if you have not already. Also, if you know of any churches or Christian groups that would allow me to present my ministry to them, please let me know.

Prayer Requests

- Prayer Partners
- Financial Partners
- Opportunities to present my ministry
- Balancing my job and Partnership Development as both are very demanding
- Spiritual Growth
- Jenny Scott 11 year-old missionary child with undiagnosed severe illness

MEET SOME OF MY FUTURE CO-WORKERS

The Friesen Family are World Team missionaries serving the Oroko people of Cameroon, Africa through the work of Bible translation. Their desire is to see the church among the Oroko grow through a better understanding of God's Word. To make this happen, their strategy includes Bible translation, literacy, discipleship and leadership training.

Prayer Requests: Pray for the "launching" of the book of Jonah, the story of Joseph and that many will read them!
